### BREWERY PURKMISTR

Great brewery and restaurant in Černice

The unmistakable atmosphere of Pivovarský dvůr Plzeň is created mainly by the copper brewery boilers located in the front part of the Restaurant I.

The visitors have thus a unique opportunity to become familiar with the brewing technology. The neatly designed space was developed with respect to the historical value of the complex. The tap room is catered for directly from the lager tanks in the cellar that supply the whole range of our beers.

### NA SPILCE RESTAURANT

We recommend topping off your excursion with a trip to Na Spilce Restaurant, which offers traditional Czech cuisine and great beer from the Plzeňský Prazdroj brewery. The restaurant is located in the former fermentation cellar, called “spilky”, directly within the confines of the brewery and is the largest pub in Bohemia with 550 seats. In good weather you can sit in the restaurant garden in the courtyard of the brewery, which is open annually from April to September.
